PRD: AMF1 Partner Survey Dashboard

1. Overview

The AMF1 Partner Survey Dashboard enables Aston Martin F1's research team to analyze partner brand tracking survey data across multiple waves and markets. It provides an Overview page with aggregated metrics across all partner brands, plus 14 dedicated partner pages with brand-specific questions.

The platform is designed as a reusable component within Experienz, initially deployed for AMF1 but extensible for other clients.

Key Stakeholder: Matt Roberts (AMF1)

---

2. Objectives & Scope

✅ What This Dashboard Does

- Displays Wave 1 and Wave 2 partner survey data with wave-over-wave comparison
- Provides global filters to segment data by Market, Demographics, Team Fan, Sports Fan, F1 Fan, and AMF1 Sponsor Awareness
- Shows Overview dashboard with D1-D16 questions aggregated across all partner brands
- Provides 14 dedicated partner pages with brand-specific questions
- Calculates and displays NPS scores (Promoters 9-10 minus Detractors 0-6)
- Shows sample sizes for all data points with low-n warnings (n < 50)
- Supports percentage point change deltas between waves

❌ What This Dashboard Does Not Do

- Multi-wave trending beyond 2 waves (separate dashboard for Wave 3+)
- Fan Survey data (separate existing dashboard)
- Real-time data updates (data loaded per wave release)
- Data export functionality (future enhancement)
- User access controls by partner (all users see all pages)

---

3. Data Source

Input Format: SPSS data files (.sav or .dat)

- Wave 1: Released
- Wave 2: Released January 2026

Markets: UK, USA, Japan, Mexico, Australia, Saudi Arabia, China

Future Markets (Wave 3): Spain, Germany, Canada, India

Data Treatment Note: Sample size (n) for each brand = respondents who selected that brand at D1 (or relevant prior question). Respondents who did not select a brand are excluded from that brand's sample. Empty/null cells indicate respondent did not see that question for that brand.

---

4. Navigation Structure

```
Surveys
└── Partner Survey
    ├── Overview (Master Dashboard)

        ├── TikTok
        └── Valvoline

```

---

5. Global Filters

All filters apply across Overview and all Partner pages. All filters have "All" as the default option.

Filter	Type	Options
Market	Multi-select with include/exclude + search	All, Australia, China, Japan, Mexico, Saudi Arabia, UK, USA
Demographics	Multi-select with include/exclude + search	All, Men, Women, 18-24, 25-34, 35-44, 45-54, 55+, Men - Under 35, Men - 35 to 54, Men - 55+, Women - Und 35, Women - 35 to 54, Women - 55+, Business Decision Makers, Tech Adopters (D17a opt 1), Whiskey Drinkers (D18 opt 1), Traders (J5=Yes), Tech Decision Makers (J6 opt 1/2 + col b)
Team Fan	Multi-select + search	All, Alpine, Aston Martin, Ferrari, Haas, Kick Sauber, McLaren, Mercedes, Racing Bulls, Red Bull Racing, William
Sports Fan	Single-select toggles	All, Yes (A1 opt 4/5), No (A1 opt 1/2/3)
F1 Fan	Single-select toggles	All, Yes (A3 opt 4/5), Avid (A3 opt 5 only), Non-fans (A3 opt 1/2/3)
AMF1 Sponsor Awareness	Multi-select with search	All, [31 partner brands from D6 - alphabetically ordered]

Filter Configuration Note: As a general rule, filters with >10 options should have search enabled. Consider adding search toggle and selection type (multi-select vs single-select) as configurable options in Dashboard Composer.

Sort Order: Multi-select dropdown options are alphabetically ordered for easier scanning. Single-select toggles maintain logical order (e.g., Yes → Avid → Non-fans). Chart data remains sorted by value (descending by percentage).

---

6. Wave Comparison Functionality

6.1 UI Component

Location: Collapsible section to the right of filter bar

Collapsed State (Default):

- Badge: `[Compare Waves ▼]`
- Grey background (#F5F5F5)

Collapsed State (Comparison Active):

- Badge: `[Compare Waves: W1 vs W2 ▼]`
- Green tint background (#E8F5E9), green border (#2E7D32)

Expanded State:

- `Viewing: [W2 (Current) ▼] Compare to: [None ▼]`
- "Compare to" dropdown excludes whatever is selected in "Viewing"
- Real-time updates (no Apply button)

6.2 Delta Indicators

All deltas show **percentage point change** (not percentage change). Delta indicators are right-aligned on the same row as the chart data, visually separated from the value.

Display Format:

Chart Type	Value Display	Delta Display (right-aligned)
Horizontal bars	`45%` at end of bar	`+7% ▲` right-aligned
Stacked bars	`62%` total at end	`+5% ▲` right-aligned (total only)
Diverging bars (NPS)	`+23` score	`+5 ▲` right-aligned
Heatmaps	`45%` in cell	Delta in hover tooltip only
Donut charts	`35%` in legend	`+6% ▲` after value in legend

Delta States:

State	Display	Hover Tooltip

Positive change	`+7% ▲` (green `#2E7D32`)	"W2: 45% vs W1: 38%"
Negative change	`-3% ▼` (red `#D32F2F`)	"W2: 72% vs W1: 75%"
No change	`—` (grey `#757575`)	"No change from W1"
No comparison data	`N/A` (grey `#757575`)	"No data in comparison wave"

6.3 Wave Comparison Edge Cases

Rule: The baseline wave ("Viewing") determines which questions, brands, and options are displayed. The comparison wave provides delta data where available.

Scenario	Handling
Item exists in both waves	Show baseline data with delta indicator
Item in baseline only (removed in comparison wave)	Show baseline data, display `N/A` delta (see 6.2)
Item in comparison wave only (new, not in baseline)	Don't show (not in baseline)

Information Banner:

When the comparison wave contains questions, brands, or options not present in the baseline, display an info banner below the filters and above the charts:

> ℹ️ "Wave 2 contains 3 new questions not shown in this view. Switch baseline to Wave 2 to see them."

This keeps the view clean while ensuring users know additional data exists in the comparison wave.

---

7. Sample Size Display

7.1 Display Rules

- **Same n for all rows:** Show once in chart description (e.g., "Base: All respondents (n=3,842)")
- **Different n per row:** Show in description as "Base: All aware of brand at D1" AND show n per row in label (e.g., "Aramco (n=2,847)")
- **Heatmaps:** Row below column headers showing n per brand

7.2 Low Sample Size (n < 50)

Behavior: If sample size falls below 50 for a chart (due to filter combinations), **hide the chart entirely** and display message: "Sample size too small to display (n < 50)"

This inherits existing platform behavior and prevents misleading data interpretation.

---

8. Overview Page (Master Dashboard)

8.1 Page Header

- **Title:** AMF1 Partner Survey Dashboard
- **Wave:** (Jan - Feb 2026)
- **Section Header:** Partner Brand Metrics
- **Description:** Key brand metrics across all AMF1 partners

8.2 Chart Layout

Row	Left Column	Right Column
1	D1 - Brand Awareness	D2 - Brand Familiarity
2	D3a - Currently Own/Use	D3b - Consider Using
3	D4 - Brand Reputation	D5 - Brand NPS
4	D6 - AMF1 Sponsor Awareness (full width)	
5	D13 - Word Associations (full width)	

6	D14 - Partnership Impact (full width)	
7	D15 - Partnership Fit (full width)	
8	D16 - Actions Taken (full width)	

8.3 Chart Specifications

D1 - Brand Awareness

Attribute	Value
Question	"Which of the following companies or brands have you heard of?"
Chart Type	Horizontal bar chart
Badge	D1
Base	All respondents (n=X,XXX)
Data Treatment	% who selected each brand
Sort	Descending by percentage

Brands (31 + None of these = 32 total): Aramco, Cognizant, CoreWeave, Glenfiddich, Valvoline, NexGen Energy, Coinbase, ServiceNow, Pepperstone, Regent Seven Seas Cruises, NetApp, Xerox, ARM, Atlas Air, Elemis, Public, The Financial Times, Maaden, BOSS, JCB, Circle8, Pirelli, Puma, Bombardier, TikTok, Oakley, Stilo, Aston Martin Lagonda, Celsius, CoinPayments, ZKP, None of these

---

D2 - Brand Familiarity

Attribute	Value
Question	"How familiar would you say you are with the companies and brands you are aware of?"
Chart Type	Horizontal stacked bar chart
Badge	D2
Base	All aware of brand at D1
Data Treatment	Top 2 Box: Very familiar + Somewhat familiar
Stacked Segments	Dark green (Very familiar), Light green (Somewhat familiar)
Sort	Descending by total

D3a - Currently Own/Use

Attribute	Value
Question	"Which of the following would you ever consider using/owning or do you currently use/own?"
Chart Type	Horizontal bar chart
Badge	D3
Base	All familiar with brand at D2
Data Treatment	% who selected "Currently use/own"
Sort	Descending by percentage

D3b - Consider Using/Owning

Attribute	Value
Question	Same as D3a
Chart Type	Horizontal bar chart
Badge	D3
Base	All familiar with brand at D2
Data Treatment	% who selected "Consider using/owning"
Sort	Descending by percentage

D4 - Brand Reputation

Attribute	Value
Question	"What is your overall perception of the following brands reputation?"
Chart Type	Horizontal stacked bar chart
Badge	D4
Base	All familiar with brand at D2
Data Treatment	Top 2 Box: Extremely positive (5) + Rating 4
Stacked Segments	Dark green (5), Light green (4)
Sort	Descending by total

D5 - Brand NPS

Attribute	Value
Question	"On a scale of 0 to 10, how likely are you to recommend each of the following brand(s)?"
Chart Type	**Diverging bar chart** (bars extend left for negative, right for positive from zero line)
Badge	D5
Base	All familiar with brand at D2
Data Treatment	NPS = % Promoters (9-10) minus % Detractors (0-6)
Color	Green for positive NPS, Red for negative NPS
Sort	Descending by NPS score

Dev Note: Diverging bar chart may be a new chart type for the platform. Confirm availability or implement.

D6 - AMF1 Sponsor Awareness

Attribute	Value
Question	"Which, if any, of the following companies or brands do you think partners with the Aston Martin F1 Team?"
Chart Type	Horizontal bar chart
Badge	D6
Base	All aware of >1 brand at D1 (n=X,XXX)
Data Treatment	% who selected each brand as AMF1 partner
Sort	Descending by percentage

Note: This question also serves as the source for the "AMF1 Sponsor Awareness" global filter.

D13 - Word Associations

Attribute	Value
Question	"What words do you associate with the following brands?"
Chart Type	Heatmap (full width)
Badge	D13
Base	All aware of brand at D1
Data Treatment	% who selected each word per brand
Columns	Partner brands (user can select/filter via dropdown with search)
Sample Size Row	Row below column headers showing n per brand
Color Scale	0% (white/light) → highest % (dark green)

Row Labels (23 standard words): Innovative, Modern, Traditional, Unique, Authentic, Empowering, Inspiring, Competitive, Popular, Bold, Respected, Trustworthy, Honest, Professional, Sustainable, Individual, Old Fashioned, Conservative, Irrelevant, Complicated, Corrupt, Boring, None of these

Additional Columns (MAA1 Saudi brands - always shown): Sabic, SNB, STC, PIF, Riyadh Air, Qiddiya, ROSHN

Interaction: Brand dropdown to filter columns, Word dropdown to filter rows, Search functionality in dropdowns

Note: Partner-specific words to be added per Matt's spreadsheet `[TBC]`

D14 - Partnership Impact on Likelihood

Attribute	Value
Question	"Thinking about [PARTNER BRAND] and the Aston Martin F1 Team, how does this partnership impact your likelihood to..."
Chart Type	Heatmap (full width)
Badge	D14
Base	All aware brand is AMF1 partner at D6/D6a
Data Treatment	Top 2 Box: options 4 + 5 combined
Columns	Partner brands aware at D6
Sample Size Row	Row below column headers showing n per brand

Row Labels:

1. Recommend them
2. Feel more positive towards them
3. Search for information about them
4. Gift or trial the product (Glenfiddich) — *Glenfiddich only, show 0% or "-" for other brands*
5. None of these

D15 - Partnership Fit Statements

Attribute	Value
Question	"Which of these statements about [PARTNER BRAND] and the Aston Martin F1 Team best represents your opinion about their partnership?"
Chart Type	Heatmap (full width)
Badge	D15
Base	All aware brand is AMF1 partner at D6/D6a
Data Treatment	% who selected each statement per brand

Columns	Partner brands aware at D6
Sample Size Row	Row below column headers showing n per brand

Row Labels:

1. This brand is well-suited to partner with the Aston Martin F1 Team
2. This partnership with the Aston Martin F1 Team makes me want to learn more about the brand
3. This partnership with the Aston Martin F1 Team makes me want to use the brand
4. This brand is exciting because of its association with the Aston Martin F1 Team
5. I trust this brand more because of its partnership with the Aston Martin F1 Team
6. Aramco and the Aston Martin F1 Team do a lot to support and inspire STEM students (Aramco) — *Aramco only*
7. I would be more likely to ask a local mechanic/garage for Valvoline by name knowing the product is used by the Aston Martin F1 Team (Valvoline) — *Valvoline only*
8. This partnership with the Aston Martin F1 Team improves my perception of the brand (CoreWeave) — *CoreWeave only*
9. This partnership with the Aston Martin F1 Team positively impacts my experience as a fan (CoreWeave) — *CoreWeave only, F1 fans only*
10. This brand is on the way up/evolving because of its association with the Aston Martin F1 Team (Glenfiddich) — *Glenfiddich only*
11. This partnership with the Aston Martin F1 Team makes the brand feel more luxurious (Glenfiddich) — *Glenfiddich only*
12. None of these

Partner-Specific Row Display: Show actual % for relevant brand only. Show 0% or "-" with light grey background for non-relevant brands.

Row Label Truncation: Truncate to ~60 characters with ellipsis. Full statement on hover. Brand name in brackets always visible.

D16 - Actions Taken Post-Partnership

Attribute	Value
Question	"Which, if any, of the following have you done after knowing about the partnership between [PARTNER BRAND] and the Aston Martin F1 Team?"
Chart Type	Heatmap (full width)
Badge	D16
Base	All aware brand is AMF1 partner at D6/D6a
Data Treatment	% who selected each action per brand
Columns	Partner brands aware at D6
Sample Size Row	Row below column headers showing n per brand

Row Labels:

1. Searched online for more information about them
2. Visited their website
3. Explored their social media channels
4. Followed them on social media
5. Bought a product or used their services
6. Other (please specify)
7. None of these

---

9. Partner Page Specifications

Each partner page follows the same design system as the Overview. Global filters apply to all partner pages.

9.1 Honda

Page Title: Honda Partner Overview

Chart	Question	Type	Base	Data Treatment

C5	"Do you know who the current Engine supplier is to the Aston Martin F1 Team?"	Horizontal bar	Aware of AMF1 at C1	% per option (Honda, Mercedes, Ferrari, Renault, Don't know)
C6	"Honda will be Aston Martin's engine supplier for the new 2026 season..."	Stacked bar	Aware of AMF1 at C1	Top 2 Box (Strongly/Slightly agree) for 4 statements

C6 Statements: I feel more positive towards the AMF1 Team | I feel more positive about Honda | Honda & Aston Martin is a great match | It's exciting for Honda to be teaming up with Aston Martin

---

9.2 CoreWeave

Page Title: CoreWeave Partner Overview

Chart	Question	Type	Base	Data Treatment
D7a	"Are you aware that CoreWeave is associated with the Aston Martin Wind Tunnel?"	Donut	Only CoreWeave selected at D1	% Yes/No
D8	"Based on the image below, what Aston Martin partner belongs in the blurred sponsor spot?"	Horizontal bar	>1 brand at D6	% per brand (show car image with blurred sponsor)
D9	"What impact does their partnership with AMF1 have on how you feel about them?"	Stacked bar	CoreWeave at D6/D6a	Top 2 Box (4+5)
COR1	"How much do you agree or disagree with the following statements about CoreWeave?"	Stacked bar	Familiar with CoreWeave at D2	Top 2 Box for 5 statements

COR1 Statements: Offers scalable solutions that accelerate AI innovation | Stands out from other cloud service providers | Is a trusted brand in the AI and cloud computing space | Provides the industry's leading AI cloud platform | Simplifies and streamlines AI training and inference

---

9.3 Aramco

Page Title: Aramco Partner Overview

Chart	Question	Type	Base	Data Treatment
ARC1	"How appealing are these brands to you?"	Stacked bar	Aware of Aramco at D1	Top 2 Box (4+5). Show Aramco + competitors `[TBC]`
ARC2	"To what degree do you associate the following statements with Aramco?"	Stacked bar	Aware of Aramco at D1	Top 2 Box for 9 statements
ARC7	"When you think of Aramco, which sports do you associate with the brand?"	Horizontal bar	Aware of Aramco at D1	% per sport (10 options)
ARC8	"Which of the following do you associate Aramco with?"	Horizontal bar	Aware of Aramco at D1	% per sponsorship (10 options)

ARC5	"Aramco is developing a new fuel and material innovation with AMF1 in 2026. Before today were you aware of this?"	Donut	Aware of Aramco at D1	% Yes/No/Not sure
ARC6	"Have you seen any campaigns featuring Aramco and AMF1 in the last 3 months?"	Donut	Aware of Aramco at D1	% Yes/No/Not sure

ARC2 Statements: Is one of the world's leading energy and chemicals companies | Is a global company that invests in communities | Is a leading innovator balancing needs of people with planet | Believes that energy is opportunity | Believes in innovating to solve humanity's biggest challenges | Believes in pushing the limits of possibilities | Deploys cutting-edge technology | Invests in advanced fuels & materials that lower emissions | Is innovative and invested in advanced technology

ARC7 Sports: Formula 1, Football/Soccer, Golf, Motorsports, Tennis, Cricket, Rugby Union, Athletics, Esports, None of the above

ARC8 Properties: FIFA World Cup, Formula 1, ICC Cricket World Cup, CONCACAF, LIV Golf, Dakar Rally, ATP Chile Open, Esports World Cup, Ladies European Tour, None of these

---

9.4 Coinbase

Page Title: Coinbase Partner Overview

Chart	Question	Type	Base	Data Treatment
CON1	"Do you own or use any cryptocurrency?"	Donut	All	% per option (Currently own, Owned in past, Never owned)
CON2	"Have you bought, sold, or held cryptocurrency in the last 24 months?"	Donut	CON1 opt 1/2	% Yes/No
CON3	"How likely are you to acquire cryptocurrency in the next 12 months?"	Horizontal bar	CON2 opt 2	% per 5-point scale
CON4	"How open are you to owning or using cryptocurrency in the future?"	Horizontal bar	CON1 opt 3	% per 5 options
CON5	"When you first bought, sold, or traded cryptocurrency?"	Horizontal bar	CON2 opt 1/2	% per time period (6 options)
CON6	"What is your overall opinion of these cryptocurrency exchanges?"	Stacked bar	Aware of Coinbase at D1	Top 2 Box. Show Coinbase + competitors `[TBC]`
CON7	"Which cryptocurrency exchange are you most likely to use?"	Horizontal bar	Favourable at CON6	% per exchange
CON8	"How much do you agree or disagree with the following statements about Coinbase?"	Stacked bar	Familiar at D2	Top 2 Box for 4 statements

CON8 Statements: Is a brand I can trust | Is for someone like me | Is easy to use | Is an innovative company

---

9.5 Maaden

Page Title: Maaden Partner Overview

Chart	Question	Type	Base	Data Treatment
MAA2	"How would you rate the quality of the following brands products/services compared to competitors?"	Stacked bar	Currently use at D3(a)/D12(a)	Show Better/Same/Worse (all 3 segments)
MAA3	"Have you heard or seen any advertising from these brands recently?"	Horizontal bar	Aware at D11 & MAA1	% per brand
MAA4	"Have you had any conversation about the following brands in past 60 days?"	Horizontal bar	Aware at D11 & MAA1	% per brand (includes Saudi Government)
MAA5	"Which brands are you most likely to recommend as place to work?"	Horizontal bar	Aware at D11 & MAA1	% per brand
MAA6	"Which statements apply to each of these brands?"	Heatmap	Aware at MAA1	% per statement (3 Vision 2030 statements)
MAA7	"To what extent do you agree with the following statements about Maaden?"	Stacked bar	Familiar at D2	Top 2 Box for 5 statements
MAA8	"Do you know Maaden's tagline for their partnership with AMF1?"	Horizontal bar	Aware Maaden is AMF1 partner	% per option (6 options including Don't know)

MAA6 Statements: Contributing to Vision 2030 | Reflect favourably on Saudi Arabia's global reputation | Important contributor to Saudi Arabia's economic growth

MAA7 Statements: Is a brand on the way up | Has an excellent reputation | Is a brand I trust | Is a brand I admire | Is a brand that makes a positive contribution

---

9.6 Valvoline

Page Title: Valvoline Partner Overview

Chart	Question	Type	Base	Data Treatment
VAL1	"How relevant are these brands to you?"	Stacked bar	Aware of Valvoline at D1	Top 2 Box. Show Valvoline + competitors `[TBC]`

9.7 Pepperstone

Page Title: Pepperstone Partner Overview

Chart	Question	Type	Base	Data Treatment
PEP1	"As a Trader, do you engage in any of the following activities outside of CFDs?"	Horizontal bar	Traders at J5	% per option (Online investing, Direct crypto, Online gambling, None)
PEP2	"How would you describe your current approach to trading cryptocurrencies compared to CFDs?"	Horizontal bar	Traders at J5	% per option (5 options)

9.8 NexGen

Page Title: NexGen Partner Overview

Chart	Question	Type	Base	Data Treatment
NEX1	"To what extent do you agree that NexGen Energy is a leader in clean energy fuel?"	Horizontal bar	Familiar at D2	% per 5-point scale

9.9 Glenfiddich

Page Title: Glenfiddich Partner Overview

Chart	Question	Type	Base	Data Treatment
GLN1	"How much do you agree or disagree with the following statements about Glenfiddich?"	Stacked bar	Familiar at D2	Top 2 Box for 5 statements

GLN1 Statements: Is a brand that celebrates success | Is a brand which is constantly evolving | Is a brand with the highest standards of whisky making | Is the world's most awarded single malt scotch whisky | Is a brand that stays true to its heritage

9.10 ServiceNow

Page Title: ServiceNow Partner Overview

Chart	Question	Type	Base	Data Treatment
SER1	"To what extent do you agree that ServiceNow is a leader in AI?"	Horizontal bar	Familiar at D2	% per 5-point scale

9.11 Atlas Air

Page Title: Atlas Air Partner Overview

Chart	Question	Type	Base	Data Treatment
ATL1	"Can you tell us if you are aware of the following?"	Horizontal bar	Familiar at D2	% per option (SAF use, Sustainability commitment, None)
ATL2	"How much do you agree or disagree with the following statements about Atlas Air?"	Stacked bar	Familiar at D2	Top 2 Box for 7 statements

ATL2 Statements: Is a leader in logistics | Demonstrates exceptional teamwork delivering freight across F1 races | They care about the world they work in | They continue to pursue new heights | Has a high-quality workforce | Delivers technical excellence | Is making a positive difference through their SAF programme

9.12 Cognizant

Page Title: Cognizant Partner Overview

Special Routing: All Cognizant questions require: J1=1 (Full-time) AND J3=1/2/3 (Senior management) AND J7=1/2 (IT decision maker)

Chart	Question	Type	Base	Data Treatment
COG1	"To what degree does Cognizant's partnership	Stacked bar	Aware Cognizant is AMF1 partner + Senior IT	Top 2 Box for 7 attributes

	with AMF1 make you associate Cognizant with the following?"		decision maker	
COG2	"Over the past year, do you recall seeing information about Cognizant and Formula 1 in any of the following?"	Horizontal bar	Same as COG1	"Have seen" only (9 channels)
COG3	"What does it mean to be the 'Global Technology Services Partner' for AMF1?"	Horizontal bar	Same as COG1	% per option (7 options)

COG1 Attributes: Expert, High Quality, Intuitive, Innovative, Collaborative, Trustworthy, Elite

---

9.13 TikTok

Page Title: TikTok Partner Overview

Chart	Question	Type	Base	Data Treatment
TTK1	"Before today, had you heard of TikTok Creator Collective?"	Donut	Aware of TikTok at D1	% Yes/No/Not sure
TTK2	"Have you seen anything about the Creator Collective on TikTok's social media channels?"	Donut	Aware of Creator Collective at TTK1	% Yes/No/Not sure
TTK3	"Do you follow any creators who are part of the TikTok Creator Collective?"	Donut	TTK1 + Use TikTok at D3(a)	% Yes/No
TTK4	"Overall, how positive or negative is your impression of the TikTok Creator Collective?"	Horizontal bar	TTK1 opt 1	% per 5-point scale
TTK5	"Which words do you associate with the TikTok Creator Collective?"	Horizontal bar	TTK1 opt 1	% per word (23 options)
TTK6	"How interested would you be in applying to join a future Creator Collective?"	Horizontal bar	TTK1 opt 1	% per 5-point scale
TTK7	"What would make you more interested in joining a future Creator Collective?"	Horizontal bar	TTK1 opt 1	% per option (12 options)

9.14 Aston Martin Lagonda

Page Title: Aston Martin Lagonda Partner Overview

Chart	Question	Type	Base	Data Treatment
B1	"Which luxury high performance car brands have you heard of?"	Horizontal bar	All	% per brand (12 car brands + None)
B2	"Which would you say is your favourite?"	Horizontal bar	Aware >1 brand at B1	% per brand

B2a	"How likely are you to consider purchasing a vehicle from one of these car brands?"	Stacked bar	Aware at B1	Options (a) or (b) only: "Only brand" + "One of few"
B3	"On a scale of 0 to 10, how likely are you to recommend each brand?"	Diverging bar	Aware at B1	NPS score per brand
B5	"Which words do you associate with each of these car brands?"	Heatmap	Aware at B1	% per word × brand (10 words)
B7	"How desirable do you find [brand]'s current offering in each category?"	Heatmap	Aware at B1 + selected category at B6	Top 2 Box per category × brand

B1 Brands: Aston Martin, Ferrari, Porsche, Jaguar, Bentley, Lamborghini, Maserati, McLaren, Mercedes, Audi, Alfa Romeo, Alpine, None of these

B5 Words: High performance, Innovative, Elitist, Luxury, Exciting, Premium, Authentic, Affordable, Reliable, None of these

B7 Categories: SUV, Sport, Grand Tourer, Supercar, Hypercar/Special edition

---

10. Competitor Data

The following charts require competitor brand data from Matt's spreadsheet:

Chart	Partner	Status
D11	All	`[TBC - Awaiting Matt's competitor spreadsheet]`
ARC1	Aramco	`[TBC - Awaiting Matt's competitor spreadsheet]`
VAL1	Valvoline	`[TBC - Awaiting Matt's competitor spreadsheet]`
CON6	Coinbase	`[TBC - Awaiting Matt's competitor spreadsheet]`
CON7	Coinbase	`[TBC - Awaiting Matt's competitor spreadsheet]`
MAA2	Maaden	`[TBC - Awaiting Matt's competitor spreadsheet]`

D13 Additional Words: Partner-specific words for heatmap - `[TBC - Awaiting Matt's spreadsheet]`

---

11. UI Guidelines

Follow the existing Experienz platform look and feel as implemented in the Lovable prototype.

New Chart Type Note:

- **Diverging bar chart (D5 NPS)** - Bars extend left for negative values, right for positive values from a zero line. Confirm availability in platform or implement as new chart type.

Charting Library:

- Heatmaps: NivoCharts (as used in prototype)

11.1 Inherited Frontend Behaviors

All existing platform behaviors should be inherited, including:

- **Chart interactions:** Hover tooltips, click behaviors, highlights - maintain current functionality

- **Download/export:** Ability to download any chart as CSV, SVG, or PNG
- **Low-n threshold:** If n < 50, hide chart and show "Sample size too small to display"
- **Loading states:** Maintain current behavior

---

12. Success Metrics

Metric	Target
Dashboard load time	< 3 seconds
Chart render time	< 1 second per chart
Filter response time	< 500ms
User adoption	Matt's team actively using for Wave 2 analysis

---

13. Future Enhancements

- Multi-wave trending dashboard (Wave 3+)
- Data export (PDF, Excel)
- Saved filter presets
- Partner-specific access controls
- Automated data ingestion pipeline

---

14. Amendments Log

Date	Section	Change	Author

---

15. Appendix

15.1 Glossary

Term	Definition
Top 2 Box	Combined percentage of the two most positive response options (e.g., 4 + 5 on a 5-point scale)
NPS	Net Promoter Score = % Promoters (9-10) minus % Detractors (0-6)
Wave	Single data collection period (W1, W2, etc.)
Base	The sample of respondents who qualified to see a particular question

15.2 Question Routing Summary

Quick reference for dev showing which questions are asked to which respondents. This avoids needing to dig through the full questionnaire.

Question	Asked To
D1-D6	All respondents
D7-D9	Based on D6/D6a responses
D10-D16	Up to 5 partner brands selected at D1 AND familiar (D2 a-c)
Partner-specific (ARC, CON, etc.)	As indicated per question
Cognizant questions	Additional filter: Full-time + Senior management + IT decision maker
TikTok TTK2-7	Only if aware of Creator Collective at TTK1

15.3 Data Files Required

1. Wave 1 SPSS data file (extracted)
2. Wave 2 SPSS data file (extracted)

3. Metadata file (column definitions)
4. Competitor spreadsheet `[TBC]`
5. D13 partner-specific words spreadsheet `[TBC]`

15.4 PRD Validation Notes

Verified from questionnaire PDF:

- Question codes and numbering (D1-D16, ARC1-8, CON1-8, etc.)
- Brand list (31 brands as confirmed by PM)
- Response scale structures (5-point scales, yes/no, etc.)
- Question routing logic (simplified)

Requires verification before build:

- Exact statement wording for multi-statement questions (ARC2, CON8, GLN1, ATL2, MAA7, COR1, COG1, C6)
- Any questionnaire changes between W1 and W2
- Partner-specific words for D13 (pending spreadsheet)
- Competitor brands for D11 (pending spreadsheet)
